

Send my bid

Send your bid to BiddaBoom.

BiddaBoom has minimal requirements to place your bid on the BiddaBoom Conveyor Belt.

- 1: You must have an estimate from a legitimate contractor that includes your name/contact information and the specific address where the work will be performed including zip code. There must be some level of a breakdown of services to be performed per their quote, not just a dollar amount on a page. Again, we will de-identify your contact information before sharing your bid to protect your privacy.
- 2: The existing bid you send in must be in excess of \$1,000. We are unable to offer the better deal on projects under that bar. The bigger the project, the bigger opportunity for savings.
- 3: In order to maximize the effectiveness of BiddaBoom, we ask that you provide a short narrative in the “About my project” block below. We encourage you to also include photos or a short video to help showcase the visual scope of your need (Recommended, but not mandatory).

Let’s go...

Please choose from the dropdown menu the type of home improvement, maintenance or repair category that best fits your project.

Select Category

Additions/remodeling

About my project

A short narrative about your project. The better a contractor understands your needs, the better bids will follow. Be sure and indicate your timelines and any special requirements. (Maximum 250 words).

UPLOAD

Here is what happens next:

Your bid and supporting information will be sent out on our daily conveyor belt to the registered, rated contractors. Interested contractors that believe they have the “Better Offering” will contact you directly. Your contact information is not shared with contractors that do not meet the requirement of previously viewing your bid and have reason to believe they can be your better outcome.

Terms and conditions

The BiddaBoom Conveyor Belt/Platform is free to homeowners to place their bid on as long it is consistent with the requirements as outlined. BiddaBoom reserves the right to reject any bids in our sole discretion.

BiddaBoom has made every effort to include rated, high integrity contractors into our network. BiddaBoom relies on third party ratings and encourages homeowners to do their own due diligence on the contractors that may be contacting them fully realizing that these ratings can shift over time. BiddaBoom provides this free service to homeowners, but assumes no liability for any outcomes resulting from the subsequent contact the homeowner may have with these independent contractors or ultimately any work that is performed.

There is no implied or expressed outcome in placing these existing bids to BiddaBoom as presented by homeowners to contractors. By sending in a bid the homeowner has agreed to these conditions.

For project ready homeowners...
